Larry Judd - we learned this week that Larry passed away this Monday January 28. Many newer members probably do not know of Larry, He was a long time Rotarian and very supportive of international projects, Rotary Foundation, and environmental issues, including the planting of trees, which he was very instrumental when he was active here in our club. Larry was a professor at Illinois College, and had lived and served in Thailand. Larry moved to a retirement place in Wisconsin several years ago and had not been in good health. Arrangements are not finalized yet.
